Is Willing, However, to Accept a Res-  
ervation That Does Not Sacrifice  
Spirit of Article

**Difference Among Sen-  
ators on the Article are  
Very Great and May  
be Hard to Reconcile**

(By United Press)  
Washington, Dec. 23—President Wilson is willing to accept a reservation on Article X of the league of nations covenant, which will give to congress the right to decide when the United States is under moral obligations to use the army and navy in defending the territorial integrity of another nation, in the opinion of Senator Hitchcock and other leaders.

Hitchcock declared, however, that the president will not accept the Lodge reservation on this clause and will not accept any compromise which sacrifices the spirit of Article X.

Some democratic senators have recently come to find that this article which Wilson calls the "heart of the covenant" is not vital so long as Article 2 and other provisions to prevent war remain.

Hitchcock said that recent talks with republican senators have convinced him that the differences on Article X are "pretty serious."

Hitchcock will confer with a small group of senators from now until congress reconvenes. He is against the Underwood proposal for an official conciliatory committee, on the ground that the "get together" process should be informal. Such a committee, Hitchcock believes, is useless until a compromise basis has been well worked out.

## Premier's Plan For Ireland "Inpracticable"

GEO. McDONOUGH,  
(United Press Staff Correspondent.)  
Dublin, Ireland, Dec. 23—The Irish press of every shade of opinion today took advantage of Premier Lloyd George's plan for Ireland and branded it as "inpracticable and unworkable."

Apparently there was one phase of the premier's scheme that appealed to Irish newspapers. Morning editions attacked it from every angle, predicting it never would be enforced if tried. They accused the government of knowing in advance that the scheme would not be accepted.

## British Papers Approve Premier's Plan For Ireland

By ED. L. KEEN  
(United Press Staff Correspondent.)  
London, Dec. 23—The London press today generally accepted with enthusiasm Premier Lloyd George's plan for home rule for Ireland submitted to the House of Commons late yesterday.

The premier's scheme for a separate parliament for Ulster and South of Ireland was hailed by the morning newspapers as the only logical way to circumvent the antipathy of those two sections.

## British Occupy Baku and Batu

(By United Press)  
London, Dec. 23—Wireless dispatches from Moscow today reported that British forces had occupied Baku and Batu to prevent the Turks from making raids on the Caucasus. It was also reported that bolshevik forces had occupied Konstantinograd in the center of General Deniken's front.

## 250 Miners Strike in Kansas

Urge Ten Thousand Other Miners to  
Strike When Kansas President is  
Jailed in Indianapolis

Pittsburgh, Kan., Dec. 23—Two hundred and fifty coal miners went on strike here today and urged ten thousand others in Kansas and Missouri districts to follow their leader. The 250 struck when the state president, Alexander Howatt, was held in jail in Indianapolis, cited for contempt of court.

## President of Kansas Mine Workers in Jail

(By United Press)  
Indianapolis, Ind., Dec. 23—The federal grand jury investigating the coal mining conditions, probably will consider the activities of Alexander Howatt, president of the Kansas miners, authorities said today.

Howatt was held late yesterday without bail, after a citation for contempt of court. He probably will spend the holidays in jail. He also was known to comment on charges that he had obstructed orders that miners should return to work. There was a belief that the grand jury might be called into Kansas where his activities may be more easily investigated.

## Pershing Back With Home Folks

(By United Press)  
Laclede, Mo., Dec. 23—General John Pershing came back to his old home folks today.

The six piece brass band turned out for the occasion, struck up "Johnny's in Town" as the special carrying Pershing and his party from St. Louis slowed up in front of the little red station here at noon today.

Honored by European crowned heads, by congress and acclaimed throughout the land, Gen. Pershing has received no greater reception than given him by the three hundred villagers.

Gen. Pershing had fried chicken, doughnuts and cookies made by the home town folks.

Decorators last night finished the work of stringing bunting and other decorations, from telegraph poles and over the signs and across fronts of village stores.

Before supup Laclede's three hundred wearing their Sunday clothes, headed by Mayor Ed Allen, were down at the little red station watching the trains come in while stamping about in the cold and snow or gathering about the glowing coal stove inside to listen to the old timers tell about everything Pershing did when he was just a boy about the town. And judging from these historians Pershing was a regular boy.

## Insanity the Defense in New Murder Case

(By United Press)  
Los Angeles, Calif., Dec. 23—Harry S. New, on trial for killing Frieda Lesser, was insane at the time of the killing, his attorneys attempted to show today through the testimony of witnesses, who said the youth was "queer."

New was known among his boyhood companions as "nutty," according to depositions made by Mrs. Lawrence Porter of Indianapolis, and introduced by the defense.

Other deposition said New had a habit of swearing profusely in the presence of women whenever anything excited him.

It was revealed in a deposition that New was employed as a street cleaner in Oklahoma City in 1910 and 1911. Several depositions telling of his "queer actions" were made by his former associates in Oklahoma City.

(By United Press)  
London, Dec. 23—Fierce fighting occurred Wednesday and Thursday along the Indian frontier of Afghanistan according to delayed dispatches received today. Thousands of tribesmen attacked British forces but were repulsed with heavy losses. The British casualties were 34.

## Tabor Murder Mystery Cleared

By Confession of Mother Who Testi-  
fied Daughter Died of an  
Illegal Operation

(By United Press)  
Pawpaw, Mich., Dec. 23—Mrs. Sarah Tabor today confessed to county officials that her daughter Maude died as a result of an illegal operation performed by Maude's husband, Joseph Virgo. Death occurred in May, 1916, the confession said.

Mrs. Tabor admitted her stories about Maude dying from an overdose of chloroform were untrue, officials said.

Maude's body was discovered in a trunk in the basement of the Tabor home at Lawton, Mich., three weeks ago. It had been placed in her "hope chest" by her mother and the box concealed in the basement.

The body was found by Mrs. Florence Tabor Critchlow, Maude's sister. She immediately notified the authorities. Virgo was arrested in Chicago. He was an undertaker and had been married six times. The body was embalmed.

## I. W. W. Leaders Disappear From International Falls

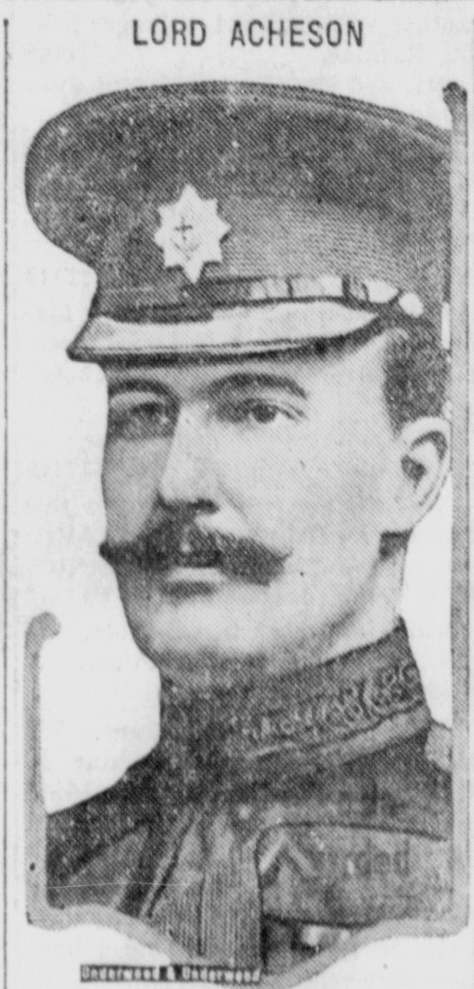

St. Paul, Dec. 23—Radical leaders of the I. W. W. have disappeared from the vicinity of International Falls according to Adjt. Gen. Rhinow who arrived at the capital today from northern Minnesota.

"We investigated the lumber camps in the northern section to determine the extent of I. W. W. numbers," said Rhinow, "and although we found a good percentage of the members of the organization working in camps, it was difficult to locate the leaders."

The adjutant general said that undoubtedly the presence of troops had a deterrent effect upon the radical element, but would not say that the possibility of trouble was over. The St. Cloud guardsmen, who have been at International Falls during the last ten days, returned home today and their place has been taken by guardsmen from Winona who will be kept there until further orders.

## State Investigated Sugar Situation

St. Paul, Dec. 23—The state department of agriculture today completed its sugar investigation and is making a compiled report of its findings. The next matter to be taken up will be farm machinery and building material to determine whether there is any profiteering along these lines, according to Commissioner of Agriculture Holmberg. This investigation will begin early in January.

Lord Acheson, who is now in this country, has an American wife, a daughter of J. Ridgeley Carter, long secretary of the American embassy in London and afterward United States envoy at Bucharest. He is the oldest son and heir of Lord Gosford, now nearly eighty years old, fourth earl of his line and vice admiral of Ulster. Lord Acheson was decorated with the Croix de Guerre in the late war and is also a veteran of the Boer war. He is a stockbroker.

## More Reds Will Be Deported

(By United Press)  
New York, Dec. 23—Further deportation of "Reds" from all parts of the country are forecast by immigrant officials. Four hundred in addition to those deported on the transport Buford Sunday, will probably be sent from this port within a week.

About sixty of the Russians on the Buford have wives and children in America according to immigrant authorities, and their families will be sent to join them.

Included in the "reds" still to be deported, are 57 held at Detroit, 45 at Hartford, and more than 200 in western cities. The deportation of more than 2,000 undesirable aliens is contemplated.

## 3 Hundred Reds Sail for Russia

Taken From New York on Transport  
Buford On Sunday

(By United Press)  
New York, Dec. 21—The United States army transport Buford, ark of the Soviet, sailed before dawn today with a cargo of anarchists, communists and radicals banned from America for conspiring against its government. The ship's destination was hidden in sealed orders, but the 249 passengers expected to be landed at some far northern port giving access to Soviet Russia.

"Long live the revolution in America!" was chanted defiantly by the motley crowd on the decks of the steel gray troop ship as she churned her way past the Statue of Liberty. Now and then they cursed in chorus at the United States and the men who had cut short their propaganda here. Not until the Buford steamed out of the Narrows between Forts Hamilton and Wadsworth did the din cease. Over their heads whipping in the wind the Stars and Stripes floated from the masthead.

**Destination Still a Secret**  
The autocrats of all the Russians of the transport were Alexander Berkman and Emma Goldman, his companion for 30 years. With them were 245 men and two women—Ethel Bernstein and Dora Lipkin. None knew where they would debark and even Capt. C. A. Hitchcock, commander of the veteran transport, was no better off.

At daybreak tomorrow Colonel Hilton commanding the troops on board as guard, will hand the skipper his instructions. Only a few high officials of the war and labor departments know the ship's destination. The voyage will last 18 days unless it is prolonged by unfavorable weather. The presumption is that the Buford will land at Hamne, Helsinki, or Abo in Finland which are connected by rail with Bielo-Osperoff on the Russian frontier. It was intimated in official quarters that arrangements have been made with the Finnish government to permit the passage of the Russians through that country.

The transfer from Ellis Island to the Buford of the agitators who have preached death and destruction was an event unique in the annals of this nation. Seized in raids in all parts of the country they were mobilized here for deportation. An elaborate screen of secrecy was thrown about the preparations for sending them away.

**Set Forth in Darkness**

It was in the darkest hours of the night that an army tug drew up at the dock of the immigration station to take aboard the undesirables for the 7 mile journey down the bay to the Buford. Two dozen soldiers armed with rifles and as many immigration inspectors carrying night sticks patrolled the shores of Ellis Island until the tug arrived at 5:15 a. m. The Reds were marched single file between two lines of guards from the immigration barracks to the boat landing, each carrying baggage. A score of agents of the department of justice circulated among the Russians waiting to begin their journey. These agents and the soldier guards on the island went on board the tug with the deportees and took them to the transport.

A revenue cutter and two other army tugs formed an escort for the reds and one tug lay alongside while they were being transferred to the Buford to prevent attempts by those reluctant to leave to swim the half mile to the shore of Staten Island.

While all the anarchists had professed joy at the thought of returning to Russia a few of them wept and most of them seemed downcast as they stepped on board the tug for the grim journey through the darkness of the harbor to the troop ship.

## Admiral Simms Refuses One Awarded to Him Be- cause his Recommenda- tions Were Disregarded

(By United Press)  
Washington, Dec. 23—Congressional investigation of charges that Secretary Daniels has shown favoritism in awarding distinguished service medals by disregarding recommendations of high naval officers, was under way today.

The immediate cause of the investigation is the refusal of Admiral Sims to accept a medal from the secretary because of Daniels' alleged awarding of medals to men who in Sims' opinion do not deserve them.

Secretary Daniels stated he had received from Admiral Sims a letter of protest this morning, in which he refused to accept the medal, and one from Senator Page of Vermont, chairman of the naval affairs committee, asking complete details of the awarding of service medals.

Representative Lufkin, of Massachusetts, also gave notice today that as soon as congress convenes he will introduce a resolution asking Daniels for a report on the awarding of naval medals. He promised that the government naval affairs committee will go to the bottom of the dispute.

## Noted Russian in U. S.

(By United Press)  
San Francisco, Calif., Dec. 23—Vladimir C. Zschmetzoff, a Russian of big business, enroute to London, left here today for New York.

"The future policy of the central union of Russian consumers will be determined at the London meeting of delegates of the organization," he said.

"While we will never support any particular faction, or take active part in politics, it is necessary that our organization have cognizance of the political development in Russia."

"Our organization of twenty thousand consumers is perhaps the strongest faction in restoring Russia to normal."

## "Soviet Ark" With Its 249 Reds

(By United Press)  
Washington, Dec. 23—The transport Buford, known as the "Soviet Ark" which is carrying 249 reds back to Europe, will land either at Helsinki or Hango, Finland from where they will be taken by train to the Russian border, it was learned unofficially today.

## Railroad Shopmen Strike Averted

(By United Press)  
Washington, Dec. 23—Threats of a strike of 600,000 railroad shopmen was considered temporarily averted today when it was learned by officials of the railroad administration that the proposed wage conference between representatives of the shopmen and the administration had been postponed. The conference was scheduled to have been held early this week but it has been put off until the first of the year.

## The Sea-Wolf.

Of all the inhabitants of the ocean  
few are more destructive than the  
sea-wolf, a kind of dolphin which at-  
tains, when full grown, a length of  
14 feet and a weight of 3,000 pounds.  
When a mother walrus perceives a  
sea-wolf it endeavors to throw its cub  
on an iceberg, if one is near. Falling  
in this, it gets the cub on top of its  
head and swims with it above the  
water. But this is vain. Diving far  
below, the fish of prey comes up with  
tremendous force, striking the frantle  
mother a terrific blow and jolting the  
cub off its head into the water. Here  
it falls an easy victim to the assail-  
ant and is soon devoured.

### CHRISTMAS SEAL SALE CLOSING TODAY

Promises to be One of Most Successful Ever Carried on in the City

#### FINE TEAM WORK IS SHOWN

Mrs. H. A. Knapp, General Chairman, Gives Report on the Sale

The Christmas Seal sale is closing today and promises to be one of the most successful ever carried on in our city, though the exact returns cannot be published for, perhaps, a week.

The success of this undertaking has been possible because of the fine team work of the organization. Mrs. H. A. Knapp, general chairman for the city, has been ably supported by a fine corps of block workers in the business sections of the city, and by the ladies having charge of the booths, these latter being Mrs. D. M. Clark at the Ransford; Mrs. J. H. Dering at Michael's and Clark's; Mrs. W. C. Mannis at O'Brien's and Citizen State bank; Mrs. W. A. Erickson at the First National bank, and Mrs. C. B. Rowley at the postoffice. These were ably supported by their faithful helpers many of whom made a record on sales.

Besides these, special mention should be made of the fraternal societies and banquets, and individuals also, who purchased health bonds, the new feature in this year's sale.

To this list should be added the splendid record of the schools, the Ladies' Aid societies of the various churches, and in fact almost every organization in the city, for all entered heartily into the work of making the seals sale the success it has been.

## SUCCESSFUL YEAR OF BUSINESS COLLEGE

Brainerd Institution Draws Scholars From Brainerd and Wide Territory Surrounding

### PUPILS GAIN POSITIONS IN CITIES

Results Achieved in Training Establish Brainerd Business College as One of the Best

The Brainerd Commercial College closed Friday evening for its annual Christmas week vacation, and will reopen again next Monday, Dec. 29, at which time the big mid-winter term begins.

This marks the closing of the fourth successful year of our local business college. Each year the school has grown larger, improvements have constantly been made, the attendance had increased rapidly, young people are coming here for their business education from an ever widening territory, as the popularity of the college and its strong courses become better known.

At least half of the enrollment comes from outside towns, nearly every locality in Northern Minnesota being represented, which proves that the Brainerd Commercial College is helping to put our city on the map in capital letters.

And the quality of the training received in this school is certainly being demonstrated by the number of its graduates who are going out into exceptionally good office positions. A number have recently gone to the Twin Cities, where, in competition with the city business colleges, they have been successful in landing some of the best positions offered there.

These points are noted that you may understand what an important place our local commercial college holds among the business institutions of Brainerd, and how much it is doing for the young people of this city and the surrounding territory, and how much more it will be able to do with your help, if you will boost for it whenever the opportunity presents itself, and encourage the young people of this section to take advantage of the many good things in store for all who enroll in this great school.

In closing another year, Prof. R. D. Stitzel, the principal, wishes to express the school's appreciation of the loyal support given by the people of Brainerd and vicinity, and promises still bigger things for the coming year. The patronage of the college proves that this city and Northern Minnesota realizes the need of such an institution, and is more than ready to back it up to the very limit.

The new term which starts next Monday will contain several new features. More equipment is coming, and some new studies will be added to each course, in keeping with the policy of the school that it shall be the most modern in Minnesota. Those who enroll this week for the mid-winter term in either the day or evening classes, will receive a special holiday discount as a kind of Christmas gift from the college. A number have already taken advantage of this discount, and more are due to add their names before the week is over.

So the Brainerd Commercial College launches upon its new year with every promise that it will be the biggest and best in its history, and assures all who take their course here an education.

## Don't Blame Mosquito.

We have lately been taught that the mosquito was the only disseminator of malaria, and that we should be safe if we should get rid of mosquitoes. But Doctor Roux, formerly chief physician of the St. Louis hospital at Jerusalem, asserts as the result of his own experience of 20 years and that of many colonial physicians, that malaria often exists where there are no mosquitoes.

He points out that everywhere in malarial countries the disease breaks out just at the time when the soil is broken for planting. He does not deny that the anopheles mosquito spreads malaria, but he says this is evidently not the only means of infection.

The old theory that malaria was caused by the bad air of swampy districts or by certain emanations from the soil may be correct after all.

## Beliefs About World's End.

The Mohammedans believe the time of the end of the world to be a perfect secret to all save God alone; the angel Gabriel himself acknowledged his ignorance on this point when Mohammed asked him about it.

Christianity of all is the least certain about the precise time of the event. Jesus, telling his disciples of the precursory signs of the great catastrophe, said: "Verily, this generation will not pass before my words shall be accomplished." The first Christians, accordingly, looked to immediate fulfillment of the prediction and believed the end of the world near at hand. Although the advent failed to come to pass, they claimed to believe in its near realization. Still, centuries followed centuries and the world continued to live.

## For Women

Fargo, N. D., Dec. 23.—Of the many phases of work which the North Dakota agricultural college has undertaken for the advancement of women, none has proved so popular as the instruction now being conducted in the remodeling of old clothing, according to Miss Inez Hobart, one of the workers in this department.

Four hundred women have already entered the course and garments to the value of \$11,000 have been rejuvenated, she said.

## Crack at Mild Winter

St. Paul, Minn., Dec. 23.—Birmingham, Ala., took an awful crack at the nice mild winters of St. Paul by insinuating that this city is located at the North pole.

The postoffice today received a letter from two little tots of the far south city containing a picture and a list of things they wanted for Christmas.

The letter was addressed to Santa Claus North Pole, St. Paul, Minn. The postoffice delivered the letter to the Good Fellows and they promised that the little southerners would receive a reminder of home kind.

## Wolves Increasing

Winnipeg, Man., Dec. 23.—Andrew Holmes, chief game warden of the province of Saskatchewan, declared here today the early severe winter weather has caused the wolves to come down from the northern part of the country in such numbers that they are becoming a menace. Holmes just returned here after an extended trip through the north.

Holmes said he saw more big game in the woods on his trip than ever before but the wolves are playing havoc with the elk, protected from the hunter by the law.

Small game birds are plentiful, he said.

## Canadian Road to Mipe

Winnipeg, Man., Dec. 23.—An electric tramway or a narrow gauge railway will be decided upon by the Manitoba government to connect the Rice and Gold lake mining district with the rest of the province, it was announced today.

Plans for the road are still in the

formative stage but a report to be submitted to the minister of public works next April will contain information regarding the tramway and the narrow gauge railroad as well as a summer road. Rice lake is 90 miles north of Winnipeg.

## Hand Grenades Check Fire

Winnipeg, Man., Dec. 23.—After playing an important part in the winning of the great war, hand grenades have found a new peace-time use here. Firemen, unable to check the flames with water when a fire broke out in the flour mills at Bossevain, Man. used hand grenades and shortly had it under control.

## Awful Thought.

At Sunday night supper, after Franklin and his parents had been out riding with some friends, his mother remarked that getting so much fresh air gave one a big appetite, whereupon Franklin observed: "Gee, mother, wouldn't you hate to cook for a bunch of aviators?"

## Blessings of Life.

He that loses his conscience has nothing left that is worth keeping. And in the next place look to your health; and if you have it praise God and value it next to a good conscience; for health is the second blessing that we mortals are capable of—a blessing money can not buy.—Isaiah Walton.

## "THE CAPTURE OF SANTA CLAUS" GIVEN

Operatta Produced at Crosby Armory by the Franklin School Pupils

## MASONIC LODGE INSTALLATION

F. E. Murphy Elected Commander of Clarence Nelson Post of American Legion

Crosby, Minn., Dec. 21.—"The Capture of Santa Claus," an operatta, was given Friday afternoon at the Armory by the pupils of the Franklin school. The training was done by Miss Marie Gibson, supervisor of music, assisted by the other teachers. The leading characters in the play were Santa Claus, Jingo Anderson; Christmas Doll, Ella Sears, and Teddy Bear, Ogden Sedlock.

The schools of Independent District No. 51 closed Friday for the Christmas holidays and will reopen Jan. 5.

Cuyuna Range lodge, No. 206, A. F. & A. M., installed the following officers Thursday night, A. H. Darling being the installing officer: R. L. Wahl, W. M.; Victor Nelson, S. W.; R. P. Ellingson, J. W.; F. A. Webb, secretary; A. D. Darling, treasurer; Brimo Almqvist, S. D.; Theodore Grimstead, J. D.; O. C. Gorder, S. S.; William Camerson, J. S.; Robert Lundholm, marshal; Gunnard Arvidson, chaplain; Herman Lefko, Tyler. The members of the Eastern Star and the wives of the Masons were invited guests at the installation. A program was given, after which cards were played, dancing indulged in and a banquet served.

The Ladies' Aid of the Methodist church held a sale and supper in the Armory Thursday afternoon, which was well attended and which added around \$100 to the fund.

Harry E. Houde and Miss Maude Severance were married by Rev. J. A. Barker of the Methodist church on Wednesday evening and they left on the night train for Little Falls, Mont., to make their home. Mr. Houde has been employed in the Crosby offices and the bride is the youngest daughter of Attorney and Mrs. D. J. Severance. She graduated from the Crosby high school last year and this year has been taking post-graduate work. She is one of Crosby's most popular young ladies.

Supt. W. E. Van Every returned

from Duluth and the Mesaba range Wednesday night.

Clarence Nelson post of the American Legion Monday night elected F. E. Murphy post commander in place of Frank Bloomfield who moved to Duluth the first of the month. Walter Galle was elected vice commander. The same evening the boys held a smoker and received several new members, among whom was John Savage of Duluth.

## GODDESS HAS MANY STATUES

Sekhmet, or Mut, Egyptian War Divinity, Seems to Have Been a Favorite With Sculptors.

The arrival at the Metropolitan Museum of Art, in New York, of seven statues of Sekhmet, or Mut, the ancient Egyptian goddess of war, purchased in England in 1914, reminds one of the beginnings of modern interest in archeology, for the seven statues, although their history over the last century seems difficult to trace in all its details, were probably among the earliest results of Egyptian excavation that came to England. Something over thirty centuries ago Egyptian sculptors were carving such statues out of solid blocks of black granite for the decoration of temples; and then in 1700, as the record goes, an Arab sheik, working at the instigation of a Venetian priest, found a statue of Mut in the sand that had accumulated over the ruins of Karnak. Since then a good many statues of Mut have been recovered, and the strange goddess of strife, part animal and part human, as the sculptors imagined her, dwells in many a museum.

"The Romance of Tarzan"

The concluding chapters of "Tarzan of the Apes" from the book by Edgar Rice Burroughs.

THE CATAclysmic ROMANCE of PRIMEVAL MAN and MODERN MAID MIDST JUNGLE WILDS and PALACES.

This is the REAL superpicture you have been waiting months to see, the mighty Cinema Drama, picturing with massive and overpowering effect the strange adventures that befall Tarzan, primitive nobleman, and White King of an African ape-tribe, who follows the beautiful white girl he has rescued from death in the African jungles to her home amid the regal magnificence of civilized society where love leads him into paths more dangerous than those he trod in his native wilds.

FILLED WITH SCENES OF WEIRD POWER THAT WILL HAUNT YOU FOR MANY DAYS.

You will see Tarzan rescue a white man from the jaws of an infuriated lion, and dispatch the beast before your eyes with a sheath-knife.

You will see TARZAN fight six savage cannibals at one time, and dispose of them with his naked hands. You will see TARZAN himself rescued from death by a gigantic wild elephant—his faithful friend, Tantor.

And you will also see Tarzan fight the greatest battle of his career in a crowded ballroom to protect the honor of the beautiful American girl for whose love he has left the jungle.

You will see Tarzan lured to the apartments of a beautiful adventuress who both loves him and seeks his ruin. You will see his raging fight for life with her accomplices.

You will see Tarzan's repudiation by his former jungle companions when he returns to his old haunts.

You will see the beautiful ending—which is best of all.

## CHAMBER COMMERCE REGULAR SESSION

Takes up Much Timely Matter, Approves Budget Plan of Financing Chamber

### AN EXCELLENT CLUB DINNER

Three Applicants Voted Into Membership in Chamber—Other Business Done

#### WHAT THE CHAMBER DID

Approved of the budget plan of financing the Chamber in its community program for 1920. Appointed permanent budget committee, to hold office until appointment of standing committees of 1920. Heard detailed plan for membership drive early in 1920. Heard report of Public Affairs committee, on investigation of alleged inefficient service of Northwestern Telephone and Western Union Telegraph companies in the city. Approved of increase in salary of secretary, as suggested by advisory board. Tendered complimentary memberships to clergy of city, same being declined with expression of appreciation on part of ministers present. Passed resolution calling upon government to carry out its agreement with the Chippewa Indians, made in 1889. Instructed committee on Fire Prevention to confer with city engineer and city attorney in matter of proposed city ordinance governing building permits. Approved of appointments on Federal Highway council, as made by chairman of county and good roads committee. Discussed, without action, fact that certain property heretofore within the corporate limits of the city, has been detached by owners. Enjoyed excellent menu and service afforded by Ransford hotel at club dinner. Voted three applicants into the membership.

The last meeting and club dinner of the Chamber of Commerce of the year 1919, held at the Chamber rooms Monday evening, Dec. 22nd, proved not only a success from a social viewpoint as well as in the enjoyment of a fine dinner, but considerable practical work was accomplished.

The dinner, served under the direction of the Ransford hotel management, proved up to all expectations and Butler Brothers were given a rising vote of appreciation. About seventy enjoyed the dinner, many being kept away on account of the holiday rush at the stores.

#### Rooms Attractive

The Chamber rooms, gay in holiday decorations, with a handsome tree prepared for the little ones of the city, graced the end of the reading room, and with its bright lights and pretty elaborations, radiated good cheer and good fellowship.

About fifty members remained for the meeting and participated in the deliberations of the organization.

#### The Budget Plan

The most important action of the Chamber was the approval of the

### HAVE HARVEST ON RANGE TOO

Only One Dealer Escaped the Advances of the Men and Refused Payment of Prizes

Brainerd punch boards, late Monday afternoon, were raided \$200 worth by two expert operators, said to be Austrians. The plan was simple, so simple that it's a wonder it has never been tried before.

Supplied with duplicate numbers, the operators punched the board at a place and then flashed the two numbers which drew \$20 gold pieces. The money was paid over, although the manager at the time thought that luck was certainly accompanying the plays of the strangers. It wasn't until Brainerd dealers commenced comparing notes on the lucky strangers that they "tumbled" to the fact that somebody had victimized them. Only one Brainerd dealer, it is said, refused to pay over prizes.

The strangers, who it is said cleaned up a harvest at Crosby and Ironton too, left town quickly and now probably are working their game in other towns.

The "boards" are now out of commission in Brainerd as no dealer wishes to run the chance of paying out duplicate prizes.

## ICE CUTTING TO START IN JANUARY

Thirty Teams Will be Engaged to Haul the Product From Rice Lake to Ice Houses

### SEASON'S CUT TO BE 4500 TONS

Each Team Hauls From Five to Eight Tons, Iced Road Prepared Like a Logging Road

The Brainerd Ice Co's. season of ice cutting starts at Rice lake on Monday, January 5. It will give employment to thirty teams and in this work farmers of the vicinity join with local teamsters in the business of ice hauling.

Teams haul from five to eight tons on a trip and the road is made an icy one and kept in shape like a logging thoroughfare. The hauling will consume about three weeks' time, the cut amounting to 4,500 tons.

Mention is made early of the ice cutting so that farmers may list their names with the ice company.

## ORIGINAL PLAY BY R. H. REHL

Bandmaster has Produced a Musical Comedy Full of Life and Gaiety, Bound to Succeed

### PRODUCED BY THE BALL CLUB

Cast Now Being Selected and Characters for Different Parts Will Soon be Announced

The Brainerd Baseball club, after some period of preparation, have begun arrangements for a home talent play that promises to be different from any similar production ever staged in Brainerd and no effort is to be spared to make it a brilliant success both in a financial and theatrical way. The play is an original production by Richard H. Rehl, Brainerd's crack bandmaster and a musician of very exceptional ability and the fact that the music, of which there will be plenty, is under his direction means that it will be second to none.

The Baseball club with its splendid record of 1919 is deserving of the hearty support of every red-blooded citizen of Brainerd, man, woman or child and the interest already shown in the play insures a home production of more than ordinary success.

A cast is now being prepared and the characters selected for the different parts and they will be announced later.

### WEATHER BUREAU

Local Cooperative Observer Receives Thanks From Department of Agriculture

John A. Hoffbauer, local cooperative weather observer of the government, in charge at Brainerd several years, has received the following acknowledgment from the government:

"I have pleasure in extending to you the compliments of the season and best wishes for the coming New Year. The service so generously given to the public in your cooperation with the Weather Bureau during the past year, is greatly appreciated, and we trust nothing will prevent its continuance.

Sincerely yours,  
U. G. PURSELL,  
Meteorologist."

### DEERWOOD

Deerwood, Minn., Dec. 22—An interesting Christmas program was given Tuesday evening at the Lutheran church by children of Scandinavian Sunday schools.

Rev. E. R. Roem of Brainerd will hold Norwegian services in the Lutheran church on Christmas day, services being in English in the evening, and Norwegian in the afternoon.

Mr. and Mrs. Iver Lium of the Deerwood restaurant were in Brainerd on business.

Robert Archibald, Sr., is very sick. John Engman Jr. has returned from Proctor where he was employed at railroad work.

Grading on the road, north side of Serpent lake between Deerwood and Crosby, has ceased for the winter.

Mr. and Mrs. G. A. Knapp are spending the holidays with their daughter, Mrs. A. B. Cooley at Williston Park.

Mrs. Andrew Olson visited in Brainerd.

Christmas programs given in country schools included the Dorris school of which Miss Edith Olson is teacher and the school in district No. 20 of which Miss Ruth Nelson is teacher.

### WARNING TO WATER CONSUMERS

It has become known that many consumers of city water are letting faucets, taps or toilet fixtures run to keep their line from freezing; also otherwise wilfully wasting water. This is detrimental to the service other consumers are entitled to, and it endangers the whole city because it is interfering with the pressure needed in case of fire. The pumping plant is not equipped in a manner to permit needless wastage.

Notice is hereby given to all consumers that upon any indication that any one wilfully indulges in any of the above mentioned ways of wasting water, said water service shall be discontinued immediately.

## BRAINERD TEAM AT TOURNAMENTS

Brainerd International Bowling Association Team to Play at St. Paul in February

### ALSO AT FARGO TOURNAMENT

And at the Heads of the Lakes Early in January—Men Hitting 200 or More

Brainerd's International Bowling Association team composed of F. R. Ziske of the Yankee Bakery, Oscar Olvein, Wm. Sasser, Fred Cook and "Happy" Englund, will represent Brainerd at the tournament at St. Paul February 6 to 16.

The team will further keep Brainerd on the bowling sport map by playing at the Northwestern bowling tournament at Fargo, N. D., and at the Head of the Lakes tournament early in January.

The Brainerd team has bowled 200 or more per man in local matches attended with almost as much excitement and strain as a big tournament.

## BRAINERD'S ODDEST STORIES OF THE DAY

The other day a young man dropped into Lammon's drug store for the purpose of purchasing some Christmas decorations. On a table there were several paper bells lying, so he handed one to the clerk and asked her to wrap it up for him.

When his mother unwrapped the package and saw the pretty bell, she asked him who his bride was to be. He did not quite grasp the meaning of her remark at the time, but he now suggests that Mr. Lammon remove the white wedding bells from the table, before more innocent young men get caught the same way.

ASK any doughboy who was "over there" and he will tell you that American railroads are the best in the world.

He saw the foreign roads—in England and France, the best in Europe—and in other Continental countries—and he knows.

The part railroads have played in the development of the United States is beyond measure.

American railroads have achieved high standards of public service by far-sighted and courageous investment of capital, and by the constant striving of managers and men for rewards for work well done.

We have the best railroads in the world—we must continue to have the best.

But they must grow.

To the \$20,000,000,000 now invested in our railroads, there will have to be added in the next few years, to keep pace with the nation's business, billions more for additional tracks, stations and terminals, cars and engines, electric power houses and trains, automatic signals, safety devices, the elimination of grade crossings—and for reconstruction and engineering economies that will reduce the cost of transportation.

To attract to the railroads in the future the investment funds of many thrifty citizens, the directing genius of the most capable builders and managers, and the skill and loyalty of the best workmen—in competition with other industries bidding for capital, managers and men—the railroad industry must hold out fair rewards to capital, to managers and to the men.

American railroads will continue to set world standards and adequately serve the Nation's needs if they continue to be built and operated on the American principle of rewards for work well done.

This advertisement is published by the Association of Railway Executives.

Those desiring information concerning the railroad situation may obtain literature by writing to The Association of Railway Executives, 61 Broadway, New York.

## Waterproofing.

To make cloth waterproof dissolve ten pounds of resin in four gallons of hot linseed oil. Pour into a tub to which a wringer has been attached. Fold cloth evenly lengthwise, making a strip 9 inches wide. Pass this through the hot oil. As soon as well soaked, run through the wringer, setting it as tight as possible. Spread on grass immediately and do not fold or leave indoors until thoroughly dry. Drying may take a week or more. This solution will treat about fifty yards of cloth.

## Milton's Neat Retort.

It was in 1690, in the fifty-second year of his age, that Milton was visited in prison by Charles II, the restored Stuart king. "You see," said the monarch to the prisoner, "what a pass God has brought you to for your treason. He has stricken you with blindness and brought you to this lonesome dungeon." "But by your majesty's argument," replied Milton, "God thinks far more of me than he did of your father, for while he made me blind, he cut off your father's head."

## Amateur Detectives in "A Prince There Was" Will Keep You Laughing and Guessing

A Scene From "A Prince There Was."

"A Prince There Was," George M. Cohan's newest play, is primarily a comedy of regeneration. It is a story of a rich man who, finding himself bored with life as he lives it, goes to try the seamy side in a cheap boarding house, where he finds love and happiness. The sentiment of the plot is constantly offset by shrewd satire; and of much comedy, the most popular is that given the young pair of amateur detectives. Both live in Mrs. Prouty's boarding house in Ninety-third street, New York city. Shorty is a moving picture "supe" who hopes some day to play Sherlock Holmes, and Gladys is the landlady's daughter, who has her own ideas of scenting suspicion.

When the mysterious "Mr. Prince" comes to board with the Proutys, Shorty and Gladys find adventure in their avocation. And trailing the "Prince There Was" gives them as much delight as the audiences who have laughed with them during the great popularity of the new Cohan play. "A Prince There Was" is presented in Cohan & Harris' best style

Not a Moving Picture, but a real play. At the New Park Theatre Dec. 28.

## CHAMBER COMMERCE REGULAR SESSION

(Continued from page 5)

budget plan of financing, long advocated by the secretary and finally sold to the organization. The following were named as a budget committee, to hold until a permanent committee is named in regular form in 1920:

F. H. Simpson, chairman; F. A. Farrar, H. E. Kundert, Carl Zappe, T. E. Brusegaard, C. L. Motl and J. A. Thabes.

This committee will begin its canvass for budget funds immediately after the membership drive, which starts January 6th, 1920.

By this plan, a fund, separate from membership dues, will be raised with which to conduct the work of the chamber. The fallacy of even attempting to conduct the work of a modern commercial club in a modern city assuming to keep pace with the times, has been thoroughly demonstrated and the plan was approved without one dissenting vote.

## New Members

The following applicants were voted into the membership of the organization: W. E. Brockway, R. J. Tinkelpaugh and F. R. Ziske. Chairman Schrader is confident of raising the membership to 500 before the annual meeting. Attractive signs, encouraging the drive, painted by C. E. Bowen, local artist, and tendered the committee as his part in boosting the coming drive and the encouragement of chamber work, were placed in conspicuous places in the rooms and added to the general spirit of enthusiasm and co-operation.

## Building Permits.

City Engineer R. T. Campbell brought up the subject of building permits, calling attention to the laxness in the present building ordinance, stated that a new one was to be drafted and asked the chamber for suggestions. The committee on fire prevention was instructed to confer with the city engineer and city attorney in this matter. It is pointed out that under the present ordinance, there is nothing to prevent the erection of a garage or other buildings where combustibles are stored, in the very heart of the business district.

## Chippewa Indians

Attorney Ed Rogers of Walker presented the claims of the Chippewa Indians of northern Minnesota, claiming that the government has not lived up to the tenor of its treaty with them, in re the disposition of Indian lands, made in 1898. A resolution, supporting a remedial bill offered by Congressman Harold Knutson, was unanimously passed by the chamber and copies will be forwarded to members of the house and senate at once.

## Detachment of Property

R. R. Wise called attention of the chamber to the fact that certain tracts of land have been detached from the city by owners, the city thus losing the benefit of taxes thereon. He suggested that this matter be looked into, in order that other lands now within the city limits, be not withdrawn. City Attorney Fullerton explained that the law made such detachment possible, so long as it did not interfere with the symmetrical conform of the municipality. No action was taken but close attention will be given the matter in the future.

## Other Reports

The public affairs committee submitted letters from the management of the Western Union Telegraph Co. and of the Northwestern Telephone company, in answer to complaints of inefficient service in Brainerd. Lack of experienced help, changes in the personnel of employees and burden on the local switchboard of the telephone company, were set up as reasons for unsatisfactory service, at times. Both companies assured improved service and urged public co-operation in making this possible. The report was accepted without comment.

S. R. Adair, chairman of the committee on county and good roads, of-

ferred a list of appointments on the federal highway council was approved.

## Pastors Have "Pep"

The pastors of the city propose to come into the chamber on an equal footing with others and for this reason, insist upon the regular payment of their dues. This was made plain in a very clever and good-natured reply made by Rev. E. C. Cooke to the suggestion that their dues be remitted to them.

"We want to come into this organization and be perfectly licensed to kick, work, help, find fault and do just as the other fellows do," he said, "and with no string tied to us. We will do our best to help the chamber, we are with you and we expect to help pay the fiddler." His remarks brought a round of applause. The members of the local clergy, many of them, are active and influential supporters of the chamber and their interest has done much to encourage those who have borne the burden during the decidedly discouraging period of the past three years.

The meeting was a most successful and encouraging one, a fitting farewell to the old year and offered inspiration for a welcome to youthful 1920, soon to be with us.

## Mother and Daughters ALL TESTIFY TO RELIEF

Mankato, Minn.—"I have three daughters who are all strong and healthy today, due, I am sure, to the use of Dr. Pierce's Favorite Prescription. When they were in their teens they were all very delicate. I always gave them this medicine and it never failed to give relief."

"I have had, in years past, three operations for wens, my blood was in bad condition. I also would suffer with pains all through my flesh at different times. Could not seem to get anything to help this condition until I began using Dr. Pierce's Golden Medical Discovery and the 'Pleasant Pellets' and they gave me wonderful relief. ## EASY TO DARKEN YOUR GRAY HAIR

You can Bring Back Color and Lustre with Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.

# The Greatest Service to the Greatest Number

THUS, in seven words, is epitomized the ideals of service animating the seven men who direct the activities of the Standard Oil Company (Indiana). Maximum service is the only foundation upon which Big Business may rest securely.

It is this ideal which has impelled the Company to ceaseless effort in multiplying the number of products produced from crude petroleum, each to fulfill a definite, useful service—not to the few, but to humanity.

Only private initiative and enterprise, willing to hazard time, money, ingenuity, and effort to gain a promising but uncertain benefit, could have developed the many products manufactured by the Standard Oil Company (Indiana) for the service of the people.

In the conduct of its business, the Standard Oil Company (Indiana) always has recognized the four fundamental interests in all industry—capital, labor, management, and the public.

Because of this, and because it has striven to prepare every product as nearly perfect as ingenuity, integrity and earnest effort can make it, this Company has been able to approximate its ideal of the greatest service to the greatest number.
